I have updated the talking points specifically for our meeting with the Cheyenne River Sioux Tribe with information provided by the Tribe in two letters sent to EPA on June 19, 2017: one letter commenting on the EPA proposed actions and the second letter discussing consultation with the EPA. The new language is in blue.

I also attached a summary of the info in the two letters.

Darcy, I will provide the rest of the info you requested in a follow-up email.
